

ArcShades Tensile

Premium Tensile Structures & Architectural Membrane Solutions

EST. 2010

Who We Are

ArcShades designs, engineers, and installs premium tensile fabric structures across India, from architectural canopies to large-scale membrane roofing.

We handle every project end-to-end:

Design → Fabrication → Installation → Aftercare

Our team is accountable from day one to years after handover.

Every structure we build is engineered to perform for decades — not seasons.

About ArcShades

ArcShades is a trusted name in the design, fabrication, and installation of premium tensile membrane structures and architectural shade solutions. We specialize in creating innovative, durable, and visually striking structures that enhance residential, commercial, industrial, hospitality, and institutional spaces.

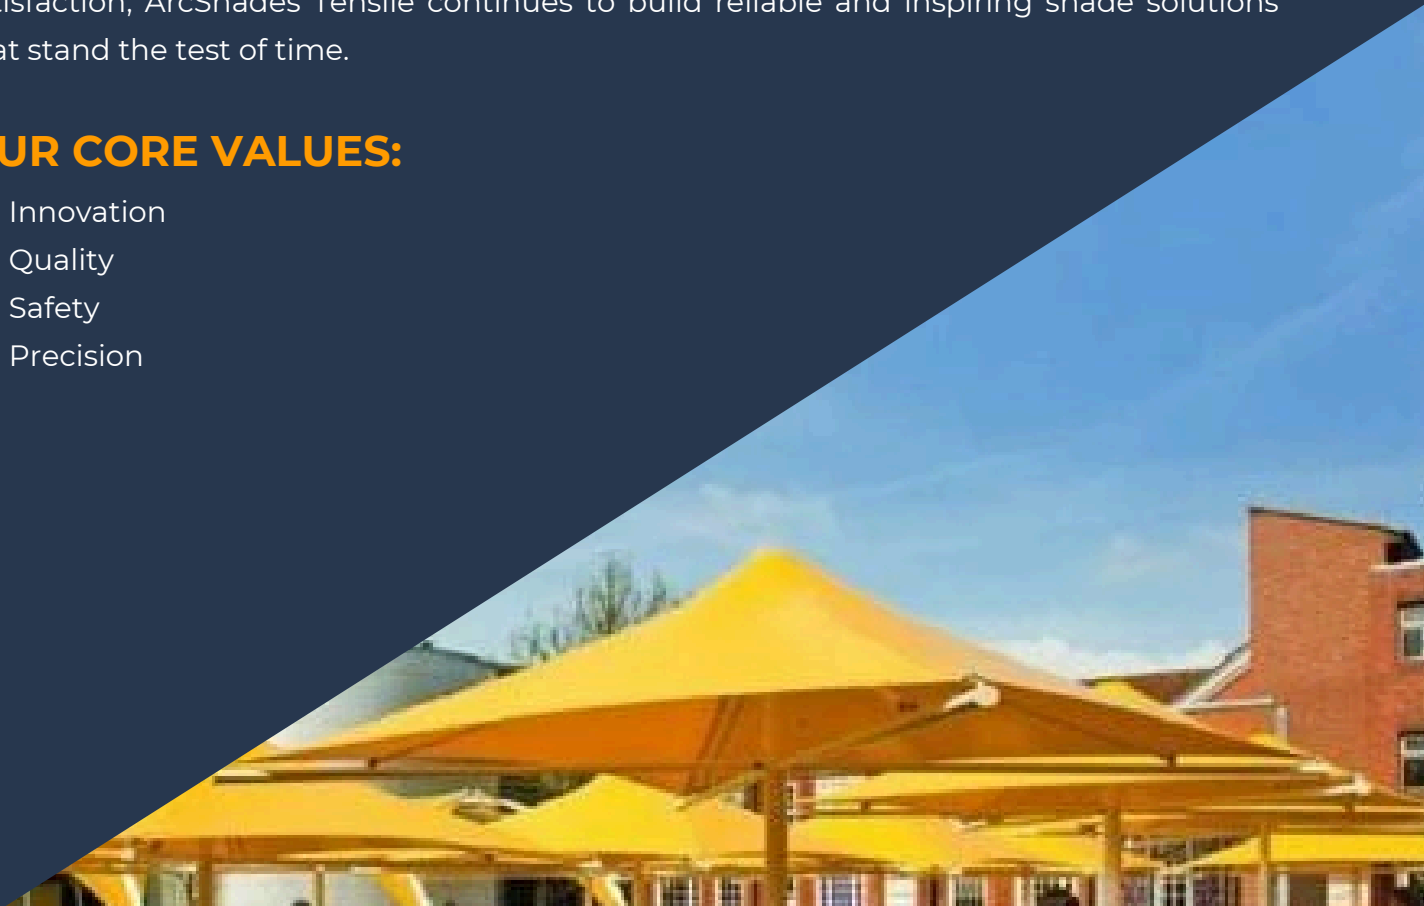

Driven by engineering excellence and architectural creativity, we deliver customized solutions that combine functionality, aesthetics, and long-term performance. From elegant car parking shades and stylish walkway canopies to large-span stadium roofs and auditorium structures, every project is designed to meet the highest standards of quality, safety, and precision.

Our experienced team manages every stage of the project—from site inspection and concept design to structural engineering, fabrication, installation, and after-sales support—ensuring a seamless and hassle-free experience for every client.

With a commitment to premium materials, modern technology, and customer satisfaction, ArcShades Tensile continues to build reliable and inspiring shade solutions that stand the test of time.

OUR CORE VALUES:

- Innovation
- Quality
- Safety
- Precision

OUR VISION

To become India's preferred brand for architectural tensile structures and modern shade solutions.

OUR MISSION

To deliver world-class tensile structures through innovative design, premium materials, and exceptional workmanship.

OUR PROMISE

- Premium Quality
- On-Time Delivery
- Engineering Excellence
- Long-Term Reliability
- WARRANTY Upto 10+ Years

OUR PROCESS

1. Consultation & Survey

- Site survey & measurements
- Concept & 3D modelling
- Materials selection

2. Structural Design

- Wind & Load Calculation
- Structural Analysis
- Steel frame engineering

4. Quality Check

- Welding & tension testing
- Safety audit
- Steel quality check

3. Fabrication

- CNC Fabric Cut
- Seam Welding
- Fabric Quality Check & Pasting

5. On-Site Installation

- Anchor installation
- Framework erection
- Membrane tensioning

6. WARRANTY

- Post-install inspection
- Up to 10+ Years Warranty on Fabric

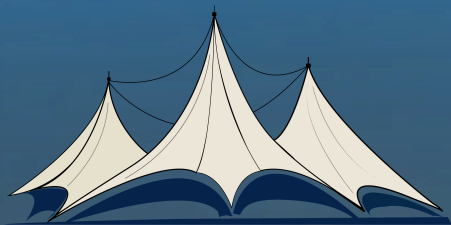

Why Clients Choose ArcShades

- Custom Architectural Designs
- Premium PVC & PTFE Membranes
- Structural Engineering Expertise
- Weather-Resistant Solutions
- Modern Fabrication Facility
- Skilled Installation Team
- Competitive Pricing
- Nationwide Project Execution
- Warranty Support
- Dedicated After-Sales Service

MATERIAL & QUALITY STANDARDS

- High-quality Pvc / Ptfе Fabric
- Uv, heat & Weather Resistant
- Wind & Load Resistant Design
- Strong ms / gi / Steel Structure
- Long-Lasting & Low Maintenance

ArcShades Tensile

Our Top Products & Services

- Gazebo Structure
- Car Parking Shades
- School & College Tensile Shades
- Retractable Roof Structure
- Tensile Tent Structure
- Auditorium Structures
- Walkway Canopy
- Entrance Tensile Shade
- Swimming Pool shade
- Stadium Structures
- Food Court Structures
- Tensile Membrane Structures
- Outdoor Umbrellas
- Industrial Shade Structures
- Airport Tensile Structure
- Toll Plaza Tensile Structure
